

BOURGOGNE ALIGOTÉ

Originating from the Aligoté grape variety, the second most important variety in Burgundy, planted in 1998 at Igé by Pierre-Yves and Olivier.

BOURGO ALIGOTÉ

This vintage is composed of young grapes planted by Pierre-Yves and Olivier. We want to make this a fruity, young and fresh vintage but with a great deal of maturity. We have never wanted to create a traditionally acidic Aligoté. With appetizers, grilled fish, seafood, Burgundy snails and goat cheese from Macon, this wine will delight the Aligoté enthusiast.
